

Denys Kravchuk

[JS] Frontend developer

01.01.1986

Ternopil, Ukraine

Programming is the thing that allows me to organize my thoughts and make life more clear. I like to do what I do, but cool projects create only cool teams. Therefore, I'm searching for a dream team to create interesting, important, and necessary projects.

Hobbies

My hobbies are the gym and 3D modeling. Also, I regularly visit English group lessons to increase my language knowledge. I read, watch, and listen to some different information about IT each day. So I can say that I study each day. So studying it's my fourth hobby.
